for late nights and long drives.

alternative rock, emo, metal, pop. one person, seven releases, no fixed shape.

01 — who

one person, a lot of noise, singapore.

hideaways. is the solo project of Singaporean singer-songwriter, guitarist and producer Kevyn Chan. He spent his early years as the clean vocalist and rhythm guitarist of Reserate before leaving in 2025 to build something on his own terms. The records pull from alternative rock, emo, metal and pop without settling into any of them: heavy guitars, soft edges, production that treats silence as an instrument. Writing, performance, mixing and mastering are almost entirely his, with guests including Debbi Koh (circles), løvkëy (remix), Anthony Aluquin and Lee Kyong Yeon Lloyd (sparkles). Seven releases to date, 2025–2026.
